2301 East Main

Albert Lea, Mn 56007

507 473 2112

(Special Conference Room Rates Available)

Contacts: Dean Goette (507-456-1041, deangoette@hotmail.com)

Andy Skadberg (309-428-2509, anskadberg@gmail.com)

Steve Gruhn (712-330-3114, sgruhn@gmx.com)

What is it about?

A one day conference that will bring together experts, technology and wisdom that will inspire and drive the new rural economy forward with new technology, crops and vision.

Who will be there?

Growers – corn, cannabis, greenhouse growers, soybean & small grain sharing their knowledge and experience on how to lower costs, increase productivity, all leading to greater success and income.

Entrepreneurs – Developers of new technology for processing hemp, grain and agricultural byproducts as well as on-farm energy and food production

Experts – Agronomy, Livestock, Bio-science, Nanotechnology, Carbon sequestering

Who should attend?

Anyone with an interest in the future of America and its position leading the world in agricultural innovation including farmers/ranchers, bankers, entrepreneurs, educators, investors, and regional, state and community leaders.

AGENDA (tentative)

Saturday, February 15, 2020
